Mailmax II comfort. Ease of use at all times. High performance at peak hours.

Mailmax II comfort. The fully automatic franking system. It makes franking your everyday post significantly easier and more efficient. Handling high postal volumes at peak hours becomes child's play. Process up to 5000 letters per hour – with or without the automatic

letter sealer.

Frama makes everything modular, so you can upgrade easily – when you need it – to the even higher performance of Mailmax II speed which can process up to 10 000 letters per hour.

Mailmax. The franking system that stays in step with your needs all the way.
